EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
M.Des (EPD)	Indian Institute of Technology Guwahati	8.81 CPI	2025-Present
B.Tech (Mechanical)	APJ Abdul Kalam Technological University, Kerala	7.71 CGPA	2019-2023
Senior Secondary	Central Board Of Secondary Education	74.2%	2019
Secondary	Central Board Of Secondary Education	9.8 CGPA	2017

PROJECTS

- UroSense - Connected Healthcare System** 1 Month
Self / Product Design, UI/UX View Project
 - Designed a non-invasive **wearable and companion app for incontinence monitoring and alerts**, supporting elderly users and caregivers.
 - Developed the **physical-digital experience**, user flows across device interaction, alerts, logs and health insights, applying **ergonomics, accessibility, privacy and user dignity** through iterative product and interface design.
- NuoHeat - Induction Ironing System** 5 Months
Self / Product Design View Project
 - Designed an **induction-based ironing system** with localized heating, achieving **75% lower energy consumption** and **80% shorter ironing time** than a conventional dry iron in prototype testing.
 - Developed **CAD models and functional prototypes**, evaluating heat transfer, materials, coil configuration and ergonomics.
 - Inventor on a published Indian patent application featuring selective coil activation and a passive ironing handle.
- Loom - Creative Discovery Platform** 1 Month
Self / UI/UX View Project
 - Designed a **creative discovery platform** helping artists, designers and filmmakers **trace influences** shaping their creative style, investigating how **recommendation systems and repeated exposure** affect **creative choices**.
 - Created **UX flows for saving references, tracing their origins and exploring alternative sources**, enabling more intentional creative exploration and expanding creative direction.

EXPERIENCE

- Reynlab - EV Systems Intern** March 2023 | Chennai
 - Contributed to EV retrofit projects, supporting electrical integration and conversion to electric powertrains.
 - Assisted with EV system and ECU testing, evaluating functionality and performance.
- Sevana Electrical Appliances - Product Development Intern** December 2022 | Kochi
 - Supported manufacturing and assembly of electrical appliances, working with product components and production processes.
 - Conducted functional and quality testing, identifying issues and supporting product validation.

TECHNICAL SKILLS

- Tools:** Figma, SolidWorks, Fusion 360, Blender, Adobe Illustrator, Photoshop, After Effects, Premiere Pro, ClaudeCode, Davinci, Stitch, Codex
- Design:** Product Design, Industrial Design, UI/UX, Interaction Design, HCI, Design Research, Prototyping, Ergonomics, Visual Communication
- Miscellaneous:** Creative Direction, Cinematography, Video Editing, Visual Storytelling, Generative AI, AI-Assisted Design, AI Prototyping

ACHIEVEMENTS

- Published Patent** - Inventor, Indian patent application for an induction-based ironing system, 2026.
- All India 1st Rank** - Winner of Product Design Challenge, TECHKRIT'18, IIT Kanpur, 2018.

KEY COURSES TAKEN

- Design:** Product Design Methods, Industrial Design, Ergonomics, Interaction Design, Systems Thinking, Rapid Prototyping, New Media* *Ongoing Courses

POSITION OF RESPONSIBILITY

- Creative Officer (IEDC, SJCET)** - Led branding, marketing and mascot design, driving outreach for the IEDC Summit 2022 with 3,000+ participants across 14+ districts.

EXTRACURRICULARS

- Film Director-Editor** - Ishanya '26 Theme Film, Department of Design, IIT Guwahati, **led a 20+** member creative and production team. 2026
- Film Director-Editor** - Onam Promotional Film, Department of Design, IIT Guwahati, **led a 15+** member crew to develop visual identity. 2026
- Associate Director & Lighting Designer** - Garudapuram, Inter- IIT Online Film Competition. 2026
- Designer** - ASME, SJCET, created visual and communication assets. 2022
- Structural Designer** - ASME HPVC, SJCET, Designed and prototyped a human-powered vehicle with a multidisciplinary engineering team. 2022
